Business Sponsorship Opportunities

Meal Sponsor: approx \$250 value

You provide the student and staff filmmakers with a full meal during one filming day.

We invite you to the set to mingle with the filmmakers and observe the filming process, and list your business in the film credits/advertising materials as a Craft Services Supporter.

Film Sponsor: \$500

You provide \$500 to support the creation of our films.

We invite you to the set to mingle with the filmmakers and observe the filming process, list your business in the film credits/advertising materials as a Sponsor, place an item, logo or service of your choosing in the script of the film you sponsor, and include your company logo in the final credits of the film.

Advertising Client: \$1,000

You provide \$5,000 to support the creation of your own 30-90 second commercial.

We will work with you to create a 30-90 second commercial script, then shoot the commercial on location at your place of business, where you will be able to mingle with the filmmakers and observe the filming process. We will complete all editing of the commercial, then screen it at the Premier showing of our films in September, to which you will be invited as a Special Guest. You will own the final product, suitable for whatever distribution you so choose.
